We also offer integrated power solutions for intelligent video surveillance systems and solutions for site sharing of tower vendors. Our solutions simplify site deployment, increase networks" energy ...

This outdoor battery cabinet is highly customizable and designed for telecom, power, and solar energy storage applications. It offers flexible configuration in structure, materials, cooling, ...

Engineered for efficiency and flexibility, these cabinets are ideal for telecom base stations, smart energy networks, and industrial control sites, where both power and communication systems must operate ...

Cabinets in desert regions use polycarbonate or stainless steel to resist sand, wind, and UV. Integrated cooling systems keep internal temperatures safe, even in direct sunlight.

We also offer integrated power solutions for intelligent video surveillance systems and solutions for site sharing of tower vendors. Our solutions simplify site ...

The solution adopts new energy (wind and diesel energy storage) technology to provide a reliable guarantee for the stable operation of communication base stations.

This large-capacity, modular outdoor base station seamlessly integrates photovoltaic, wind power, and energy storage to provide a stable DC48V power supply and optical distribution.

An Outdoor Photovoltaic Energy Cabinet is a fully integrated, weatherproof power solution combining solar generation, lithium battery storage, inverter, and EMS in a single cabinet.
