A reference section contains only those works indeed cited in the main text of a work. In contrast, a bibliographical section often contains works not cited by the author, but used as background ...

REFERENCE meaning: 1 : the act of mentioning something in speech or in writing the act of referring to something or someone; 2 : the act of looking at or in something for information

A reference is a statement written by someone who knows you and which describes your character and abilities. When you apply for a job, an employer might ask for references.

In a piece of writing, a reference is a direction or citation leading a reader to another book or passage for more information, as in The author listed several references at the bottom of the page.
